February 25, 2005

Michigan Community Blood Centers has utilized Garpriel Landscaping for our lawn care and snow removal for the past five or six years. They have provided us with excellent service and have been able to accommodate our request for schedule changes in conjunction with special outside activities.

The past year I was looking to make some improvements to our exterior and asked for their help. They provided me a plan that met my budget and greatly improved our visibility and curb appeal.

Tim Marr
Operations Manager
